MOSTLY AS NATURAL BEAUTY

You have your own sense of style and like to let your natural beauty shine through. That's not to say you don't enjoy glamming up for a special occasion! You admire celebs who keep it real, and you're not afraid to get stuck in to messy jobs in case you ruin your look. Well done, your style is super-sussed!

MOSTLY BS GORGEOUS IN GLITTER

Your look is completely your own. You love nothing more than dressing up and experimenting with the latest beauty trends. Your pals often come to you for style advice but now and again your love of all things glittery can be a little over-powering – stop hogging the bathroom every morning!

MOSTLY CS MAKE-UP MAD

Well, your make-up motto is, you can never wear too much! But just 'cause you know all the tricks of the trade, you don't have to try them out every day. Tone it down or you might scare off even your closest pals! As the weather's warming up, try a more natural look.

BEZZIES FOREVER!

You spend every minute you can together, swapping goss and sharing secrets... Here are the best ways to make sure you stay friends 'til the end

PAMPER YOUR PAL

Show her how much she means to you by spending some quality time together!

- ♥ Eat out. At a cool café if money allows, or pack a picnic and take it to the park.
- ♥ Exercise vids. Half an hour of keep-fit? More like half an hour of giggles!
- ♥ Try something new together, like horse-riding, windsurfing or trampolining – what a total laugh!
- ♥ Watch films starring your fave fitties back to back – hours of Zefron or Orlando. Mmm!
- ♥ Retail therapy – like you need a reason!

- ♥ Invent some new smoothie flavours and have fun blending them up.
- ♥ Spoil yourselves with a girlie makeover.
- ♥ Persuade your parents to drive you to your nearest beach for a day trip.
- ♥ Double date – you can spend time with your crush *and* your bezzie – bonus!

THE GOLDEN RULE

Treat others as you'd like to be treated yourself. A real pal is always considerate, so, before you make any decisions that may affect your bezzie, put yourself in her shoes and imagine how you'd feel if things were the other way around.

BEZZIEBICKERING

Top tips on how to handle those little fall-outs...

DO	DON'T
♥ Sit down together and discuss any issues calmly and rationally.	♥ Shout, accuse, or insult – throwing your toys out of the pram won't help either of you.
♥ Explain your side of the argument – and hear your mate out while she gives hers.	♥ Butt in, argue back or shout her down while she's trying to talk to you.
♥ Apologise if it was your fault, or accept her apology if she offers one to you.	♥ Let pride get in the way of an opportunity to sort things out quickly.
♥ Be reasonable. Understand, compromise and even agree to differ if that's what it takes!	♥ Be stubborn. Don't ignore her requests to talk – you need to communicate.
♥ Let it drop once it's resolved. Rows belong in the past with the rest of ancient history.	♥ Make like Ross and Rachel in <i>Friends</i> and bring up the same quarrel for years on end!
